Confidential

This letter requests a doctor's note for an employee who has applied for workplace accommodation. Please answer the following questions as part of your note to assist us in finding appropriate accommodations:

Can you confirm they have a disability and list the related restrictions or limitations due to said disability, as well as the timeline of these restrictions. In other words, as a result of their disability, what can they not do and for how long? We are not asking for recommended accommodation. We are seeking an understanding of what limitations they are under that arise as a result of the disability.

*The
Princess of Wales
Theatre*

Please sign this form and attach it to the doctor's note provided.
